

# Signing Smart™

## Parent-Tot Classes & Trainings

Do you want:

- *A window into your infant/toddler's mind?*
- *To reduce frustration and temper tantrums?*
- *Your baby to do more than just grunt, point, or cry?*
- *To have real conversations, starting at 5-12 months?*
- *To increase your child's long-term learning potential and IQ (by 12 points in one NIH study)?*

...then our *Signing Smart Play Classes:*

*Beginner, Intermediate, Zoo, or Holiday or our Parent Workshops or Teacher Trainings are for you! Before your child can learn to clap or wave, s/he can learn to sign!*
